ERMATOR S-LINE

Single phase HEPA dust extractors: S-Line

Pullman Ermator's single phase HEPA dust collectors are powerful, portable vac/separators that can be used alone for wide variety of pick-up applications, and to supplement hand/floor power tools for dustless grinding, sanding and drilling. Excellent for both wood and concrete dust and other construction, restoration materials where fast, dustless recovery is required to maintain productivity and clean-air working environment. All units include individually tested and certified HEPA filters and Pullman Ermator's unique direct "dustless" deposit into poly bags for safe, easy handling and disposal. Equipped with "Jet Pulse" filter cleaning system for maximizing airflow and pick-up efficiency.
